**PRESIDENT DANZI** – Please rise for the Pledge of Allegiance to the Flag.

**PRESIDENT DANZI** - Before we get into our regular order of business, Mr. Boothby will have the pleasure of a Special Recognition Award to the Glenolden Area Model Railroaders. Gentlemen, welcome!

**Mr. Boothby** - I'd just like to take a minute to present a Certificate of Special Recognition to the Glenolden Area Model Railroaders. In March, 2014, the Glenolden Association of Model Railroaders will celebrate their 75th Anniversary. The Organization was founded in 1939 by six men who frequented the Pop Cornish Glenolden Bicycle Shop at 45 North Chester Pike in Glenolden, Delaware County. They do not have a club layout, each member has their own layout and they go house to house when they have their meetings. The Club has always been interested in the world around it and often conduct field trips. Examples include visits in the 1940's to a number of Pennsylvania Railroad facilities and specifically in 1946, a tour of the Pennsylvania Railroad ZOO Tower in Philadelphia. The members of the GAMR intend to continue the goals established 75 years ago by their. founding members, promoting the great hobby of model railroading, sharing our fellowship with others and of course, having fun doing so. At this time I'd like the members to come up and accept the Award. This Award is a Certificate of Special Recognition to the Glenolden Area Model Railroaders upon the Achievement of their 75th Anniversary. Congratulations from the Borough Council of Glenolden. Signed by the Mayor of Glenolden, Gerard Quinn. (Applause)

**Robert Gross, 3404 Maplevale Circle, Newtown Square** - I am President of the GAMR. We are delighted to have met with the Historical Commission. In fact, we'll participate in the May 10th Anniversary celebration. We're gonna fill the basement of the Library with running model railroads. Thank you once again for recognizing us.

**MOTION** by Mr. Pfaff seconded by Mr. McGarvey to approve minutes of the previous meeting. **MOTION CARRIED**

**MOTION** by Mr. Pfaff seconded by Mr. Boothby to approve the Treasurer's Report. **MOTION CARRIED**

**BIDS & CORRESPONDENCE** – 2 pieces of correspondence. The first is from SCS; On behalf of Senior Community Services, I wish to thank Glenolden Borough for its \$2,200 contribution to SCS. For thirty-five years SCS has been a resource for older adults in Delaware County. Your financial partnership is essential as your donation will help to cover the day-to-day expenses at SCS' senior centers. The impact of your grant is even greater than its dollar amount. As the platform of SCS' revenue base, municipal funding helps SCS leverage support from other sources. On behalf of the older adults whose quality of life is enhanced through your commitment, thank you. From, Arthur Weisfeld, Executive Director. The second; Highway Guys, Thanks so much for all your hard work throughout the year. We especially appreciate your time and effort clearing the snow. The Oxner family, 201 W Cooke Avenue, dead end.

**MOTION** by Mr. Pfaff seconded by Mr. McGarvey to accept all reports as submitted. **MOTION CARRIED**

**ENGINEER** – Ms. Nelson: MUNICIPAL SEPARATE STORM SEWER SYSTEM PRESENTATION

The stormwater requirements of the federal Clean Water Act are administered under the Pennsylvania Department of Environmental Protection’s Municipal Separate Storm Sewer System (MS4) Program. In December 2002, DEP issued a General Permit (PAG-13) for use by MS4s that fall under the National Pollutant

Discharge elimination System (NPDES) Phase II Program, requiring the implementation of a stormwater management program for minimizing the impacts from runoff. Glenolden Borough is one of the municipalities covered under a General Permit, currently in our second 5 year permit cycle (first permit was extended to 10 years).

Under the MS4 Program, permit holders are required to incorporate the following six minimum control measures, or MCMs, into their Stormwater Management Programs:

- Public education and outreach
- Public Involvement and participation
- Illicit discharge detection and elimination
- Construction site runoff control
- Post-construction stormwater management in new development and redevelopment
- Pollution prevention and good housekeeping for municipal operations and maintenance

The Borough is required to report on their activities in year 1, 3 and 5 of the current permit.

The intent of the program is to improve water quality in our streams and waterways by educating the public as to what individuals can do to incrementally make a difference. From reducing chemical treatments for lawn care, maintaining your vehicles so fluids are not leaking onto the pavements and washing into the stream when it rains, to installing rain barrels on your existing downspouts for re-use, every little bit helps.

The Borough maintains a membership with the CRC Watershed Association, who develops and helps administer the Public education and outreach and Public Involvement and participation measures for all of their members.

**Mayor Quinn** – Spring will be here Thursday and there are a lot of young people roaming around the streets. There will be more roaming around the streets now that spring is here. Take caution when you're driving down the street. And for homeowners, any little incident you see, call the police. They're more than willing to come and check it out. If it ain't nothing that's fine, but if it's something, they're there to help the homeowners. And that's all I have.

**PRESIDENT DANZI** – Now, a motion to go out of the regular order of business to hear from the public tonight.
